orgasm after 861
role of pre-operative cystoscopy 91
use of RT-PCR for prostate-specific antigen assay to predict potential failures 411
use of ultrasensitive PSA assays in detection of biochemical recurrence following 418
radical retropubic, impact of pre-donated autologous blood and intra-operative isovolaemic haemodilution on outcome of transfusion 856
Prostatitis
granulomatous, serum prostate-specific antigen levels 408
preventive role of diet (review) 481
Protease activation as mediator of interleukin-2 toxicity 638
Pseudoureterocele (correspondence) 477, 478
Psoas abscess
secondary to metastases from transitional cell carcinoma of bladder (case report) 155
xanthogranulomatous pyelonephritis presenting as (case report) 326
Pubic diastasis: continence after bladder-neck reconstruction in patients with bladder exstrophy and pubic diastasis 896
Push-ups, new technique in intravenous urography (point of technique) 916
Pyelojejunostomy, surgical complication due to diagnostic confusion (case report) 472
Pyelonephritis, xanthogranulomatous, presenting as psoas abscess in child (case report) 326
Pyeloplasty
dismembered, infants under 12 months 449
emergency, spontaneous rupture of kidney (case report) 615
laparoscopic dismembered, children with pelvi-ureteric junction obstruction 909
Pyridinoline, urinary excretion as marker of bone metastases in prostate cancer 102

Quality of life
after enterocystoplasty for neurogenic bladder (correspondence) 764, 765
effect of prostatectomy 233
Questionnaires
Bristol female lower urinary tract symptoms, development and psychometric testing 805
ICS*male*, psychometric validity and reliability 554

Radioimmunoscintigraphy, prostatic, preliminary results using technetium-labelled monoclonal antibody CYT-351 373
Radiotherapy, prostate cancer
after laparoscopic pelvic lymph node dissection 870
changes in sexual function after 118
Reagent-strip testing of urine for significant bacteriuria (correspondence) 169
Reflux, urethroprostatic, use of transrectal ultrasonography in diagnosis (case report) 314
Renal aneurysm, giant (case report) 611
Renal cell carcinoma
effect of adrenalectomy on prognosis 27
genetic instability of 3p12-p21-specific microsatellite sequences 524
impaired production of interferon-α in whole-blood cultures 32
interferon-α, interleukin-2 and 5-fluorouracil in advanced carcinoma: phase II study 638
penile metastasis from (case report) 754
quantitative assessment of vascular surface density 650
Renal colic, tenoxicam treatment 15
Renal pelvis, duplex, technical aid to selective stenting (point of technique) 310
Renal tubular acidosis, cause of spontaneous steinstrasse (case report) 610
Renal..., *see also* Kidney(s)
Retroperitoneal laparoscopy *see* Laparoscopy, retroperitoneal
Retroperitoneal surgery, management of malignant teratoma 571
Reverse transcriptase-polymerase chain reaction (RT-PCR) assay for PSA to predict potential surgical failures before radical prostatectomy 411
Rheumatoid disease as cause of bladder outlet obstruction (case report) 318

Rollerball electrovaporization of prostate 696

Sacral dysgenesis: evaluation of infant with complete bladder and colonic duplication, sacral dysgenesis and imperforate anus (case report) 749
Sarcoma
  Kaposi's, glans penis (case report) 614
  paratesticular, histopathological diagnosis: review of cases in British Testicular Tumour Panel and Registry 143
Schistosomal prostato-seminovesiculitis, transrectal ultrasound appearances (case report) 166
Sclerotherapy
  antegrade scrotal, financial analysis of use in treatment of varicocele 129
  reactions simulating prostatic malignancy (case report) 157
Scrotum, extrammmary Paget's disease requiring scrotectomy and scrotal reconstruction (case report) 758
Seminal emission test, intra-operative, as control for nerve-sparing procedures in primary and secondary retroperitoneal lymphadenectomy 133
Seminal vesicles
  metastases from testicular tumours (case report) 160
  schistosomal prostato-seminovesiculitis, transrectal ultrasound appearances (case report) 166
Seminoma
  placental alkaline phosphatase as tumour marker 138
  pre-treated, metastasis to transplanted kidney (case report) 315
Sertoli cells, role in active immunosuppression in testis 891
Sexual function
  changes following radiotherapy for prostate cancer 118
  orgasm after radical prostatectomy 861
Sexual-hormone binding globulin levels, prostate cancer 433
Sigmoid colon, perforation by foreign body and its urological consequences (case report) 325
Single-photon emission tomography (SPET) using technetium-labelled monoclonal antibody CYT-351, prostatic malignancy 373
Smoking and bladder cancer 672
Spermatic venography, post-surgical recurrent varicocele 124
Sphincter, artificial urinary *see* Artificial urinary sphincter
Spina bifida, lower urinary tract function in ambulatory children 593
Splenogodal fusion, pathogenesis of cryptorchidism and 285
Stamey operation for stress incontinence, long-term follow-up results 86
Steinstrasse, spontaneous, due to renal tubular acidosis (case report) 610
Stents
  J-J
    fibre-optic cystoscope-guided insertion (point of technique) 149
    method for checking position (correspondence) 170, 171
'pusher first' technique to facilitate insertion of guidewire (point of technique) 151
  technical aid to selective stenting in duplex renal pelvis (point of technique) 310
  ureteric
    computerized retrieval system (point of technique) 147
    effect of internal stenting on dismembered pyeloplasty in infants under 12 months 449
    fibre-optic cystoscope-guided insertion of J-J stent (point of technique) 149
    study of drainage and peristalsis in stented ureter 530
    technique for retrieval of retained stent (case report) 469
  urethral, self-expanding/self-retaining, in treatment of urethral strictures 701
STING, treatment of vesico-ureteric reflux in neuropathic bladder (correspondence) 328
Stones
  in enterocystoplasties 684
  kidney
    effect of diet on urinary oxalate excretion in calcium stone formers (erratum) 624
    increased urinary excretion of lipids 506
    urodynamic evaluation of patients 536
  ureteric
    in pregnancy, treatment by ureteroscopy and laser lithotripsy 17
    urodynamic evaluation of patients 536
Sympathectomy, chemical, effects on contralateral histology, fertility and fecundity in unilateral abdominal testes 580

Tamoxifen, combined cytotoxic effects of tamoxifen and chemotherapeutic agents on bladder cancer cells 76
Technical editing 3
Technology, new *see* New technology
Teflon *see* Polytetrafluoroethylene
Tenoxicam, treatment of renal colic 15
Teratoma, malignant, role of retroperitoneal surgery in management 571
Testes
  abdominal, effects of chemical sympathectomy on contralateral histology, fertility and fecundity 580
  calcification, bilateral (case report) 466
cancer
  haemoperitoneum as complication of chemotherapy (case report) 919
  histopathological diagnosis of paratesticular sarcomas: review of cases in British Testicular Tumour Panel and Registry 143
  inguinal lymph node metastases (case report) 923
  ovarian-type papillary serous cystadenocarcinoma (case report) 156
  retroperitoneal lymphadenectomy, predictive value of intra-operative seminal and prostate emission test for preservation of antegrade ejaculation 133
  retroperitoneal metastatic germ-cell, findings on computed tomography and responses to chemotherapy (case report) 608
  seminal vesicle metastasis (case report) 160
congenital maldescent (correspondence) 619, 620
immune suppression, role of Sertoli cells 891
impalpable
  comparison of inguinal exploration and laparoscopy 452
  impact of diagnostic laparoscopy in management of unilateral impalpable testis 455
pain
  case report 471
  chronic pain following vasectomy (correspondence) 328
  Doppler ultrasound in management of acute pain (correspondence) 763
penile ectopic (case report) 762
seminoma, metastasis to transplanted kidney (case report) 315
torsion (correspondence) 617
tumours, synchronous presentation of different tumours (correspondence) 172
undescended: effects of chemical sympathectomy on contralateral histology, fertility and fecundity in unilateral abdominal testes 580
Testosterone
  efficacy in treatment of non-organic impotence 256
  levels, prostate cancer 433
Thermotherapy
  transurethral microwave (correspondence) 764
  transurethral microwave, placebo effect in benign prostatic enlargement 221
Thyroid tissue, ectopic, in cystic adrenal mass (case report) 605
Transfusion, radical retropubic prostatectomy, impact on outcome of pre-donated autologous blood and intra-operative isovolaemic haemodilution 856

Transplantation, metastatic disease after (case report) 315
Transurethral resection of prostate (TURP) *see* Prostate, transurethral resection
Transurethral resection (TUR) syndrome
  detection by expired breath ethanol measurement 198
  'double toxicity' of glycine solution 203
Trazodone, efficacy in treatment of non-organic impotence 256

Ultrasound
  colour Doppler
    assessment of erectile dysfunction 567
    study of ureteric drainage and peristalsis after stenting 530
  Doppler
    haemodynamic effects of irrigating fluids 541
    management of acute testicular pain (correspondence) 763
  guidance of detrusor biopsy 785
  posterior urethral valve diagnosis in adult (case report) 928
  pre-natal, failure to prevent urinary infection associated with urological abnormalities 905
  transrectal
    diagnosis of urethroprostatic reflux (case report) 314
    inaccuracies in estimates of prostate volume and dimension 401
Upper urinary tract, BCG therapy for carcinoma *in situ* 676
Urachus, xanthogranulomatous disease (case report) 612
Ureter
  drainage and peristalsis after stenting studied with colour Doppler ultrasound 530
  injuries following obstetric and gynaecological surgery 21
  obstruction and urinary retention caused by pregnancy and fibroids (case report) 606
  resection of 5 cm middle segment in dog, restoration of continuity following 342
  retrocaval, laparoscopic ureterolysis for (case report) 162
  stones *see* Stones, ureteric
Ureteritis, interstitial, following cystectomy for interstitial cystitis (case report) 607
Ureterolysis, laparoscopic, for retrocaval ureter (case report) 162
Ureteroscopy, treatment of ureteric calculi in pregnancy 17
Urethra
  catheterization, injury to ureter in (case report) 316
  diverticula, management in female by transurethral incision (point of technique) 745
  injury in pelvic fractures, risk factors and mechanism 876
  lengthening, Kropp-onlay procedure (correspondence) 170
  paraganglioma, report of three cases and review of literature 445
  posterior injuries in children 597
  strictures, treatment by self-expanding, self-retaining temporary stents 701
Urethral occlusion pad, management of stress incontinence 538
Urethral valves, posterior
  incidence in Oman 900
  ultrasound diagnosis in adults (case report) 928
Urethroplasty, sutureless membranous (point of technique) 307
Urethroprostatic reflux, use of transrectal ultrasonography in diagnosis (case report) 314
Urgency, sensory
  psychological approaches to management (review) 339
  stones as possible cause 536
Urinary diversions
  continent
    salvage procedures for failed Benchekroun hydraulic valves 740
    stones in 684
  ileal neobladder
    detubularization technique using automatic surgical staplers and absorbable staples (point of technique) 747
    high-dose pelvic irradiation and 680
Urinary tract
  infection
    failure of pre-natal ultrasonography to prevent infection associated with urological abnormalities 905
    following laser prostatectomy and use of antibiotic prophylaxis 228
  lower *see* Lower urinary tract
  upper *see* Upper urinary tract
Urine
  exfoliative cytology, use with flexible cystoscopy in diagnosis of recurrent transitional cell carcinoma of bladder 655
  flow rates, and benign prostatic hyperplasia 186
  post-micturition residual volume measurement, day-to-day variation (test-retest reliability) 192
  retention
    benign prostatic enlargement, treatment by transurethral needle ablation 391
    and ureteric obstruction caused by pregnancy and fibroids (case report) 606
Urodynamics
  ambulatory (review) 333
  assessment of lower urinary tract function in ambulatory children with spina bifida 593
  changes during intravesical instillations of capsaicin 792
  detection of incontinence during ambulatory monitoring by temperature-sensitive device 194
  evaluation of infant with complete bladder and colonic duplication, sacral dysgenesis and imperforate anus (case report) 749
  evaluation of patients with renal, upper and lower ureteric stones 536
  reagent-strip testing of urine for significant bacteriuria (correspondence) 169
  studies of laser ablation of prostate (correspondence) 169, 170
Uroflowmetry
  multiple free-flow studies in men with lower urinary tract symptoms 813
  terminal dribbling 705
Urogenital sinus-ejaculatory duct cyst: case report with pre-operative MRI and CAT imaging (case report) 467
Urography, intravenous, use of push-ups (point of technique) 916
Urolume endourethral prosthesis, percutaneous transvesical (antegrade) insertion (point of technique) 601

Varicocele
  antegrade scrotal sclerotherapy, financial analysis 129
  post-surgical recurrent, efficacy of internal spermatic venography and steel-coil embolization 124
Vas deferens, absent, and ipsilateral multicystic dysplastic kidney (case report) 756
Vascularization in renal cell carcinomas, evaluation by assessment of vascular surface density 650
Vasectomy
  by section, luminal fulguration and fascial interposition (correspondence) 617
  chronic testicular pain following (correspondence) 328
  minimally invasive 585
Vasoactive intestinal peptide (VIP) and impotence in experimental diabetes mellitus 271
Vasoepididymostomy, microsurgical, treatment of occlusive azoospermia 577
Veno-occlusive dysfunction, corporal, electromyography 261
Venography, spermatic, post-surgical recurrent varicocele 124
Verapamil, reversal of epirubicin resistance in transvesical chemotherapy 819, 824
Vesico-ureteric reflux, in neuropathic bladder, efficacy of STING (correspondence) 328

Vesicocutaneous fistula, congenital, following antenatal bladder aspiration (case report) 930
Vesicovaginal fistula, congenital (case report) 760
Video-resection as means of stopping corneal contamination during transurethral resection of prostate 836
Vitamin C, management of alkaptonuria (case report) 319
Voiding dysfunction, detrusor structure studies, transabdominal biopsy for 785

Warts, intrameatal, visualization using otoscope (correspondence) 619

Xanthogranulomatous disease, urachal (case report) 612
